Supervisor W. Kahler called the Special Meeting to order at 5:00 p.m. The purpose of this meeting is to review the RRC Baseline report and determine Best Practice actions to complete.

**RRC BASELINE REPORT:** Redevelopment Ready Communities (RRC) is a certification program supporting community revitalization and the attraction and retention of business, entrepreneurs and talent throughout Michigan. Measurement of a community to the best practices is completed through RRC team. The team analyzes communities' development materials. A complete list of those materials may be reviewed in the RRC Baseline report. The report identifies each Best Practice requirement. Barry Township has completed 24 percent of the redevelopment Ready Communities criteria.

Board members reviewed the status of each Best Practice and evaluation criteria and determined what recommended actions for certification are needed. An estimated timeline was also determined. Best Practice 1.2-----Public participation was identified as the next to complete. A comprehensive public participation strategy must be drafted which identifies interested and affect stakeholders and their unique communication needs encompassing all planning processes. The plan should build upon the existing community engagement activities and serve as the townships best practices for obtaining input into planning and development processes. Board members will be working to develop a public participation plan. The next meeting to review/develop the plans is scheduled for March 26, 2019 @5:00 p.m. @ Barry Township Offices, 11300 S. M-43 Hwy. Delton.

A **MOTION** was made by L. Campbell, second by J. Wooer to adjourn this meeting at 7:00 p.m. **ALL AYES MOTION CARRIED.**

**ADJOURNED.**
